AIR FORCE POSTERS WILL FOLLOW IN A FEW DAYS !

that in this case there is an excellent possibility that the AIR FORCE will buy time on COLLEGE RADIO in the near future if COLLEGE RADIO can "prove itself" promotion-wise.

Commercial radio and television stations and networks throughout the country give a great deal of free time to the AIR FORCE every year. Consequently, if the AIR FORCE buys time on any one station or group of stations, they endanger their position with the many givers of free time.

Last year, when the AIR FORCE did buy time on COLLEGE RADIO, they received many complaints from commercial stations that were giving their time as a public service. Since the AIR FORCE did not request or receive any "extra" promotional activities from college stations last year, they could not wholly justify their expenditure.

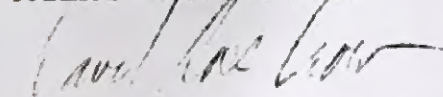

It is felt that if the AIR FORCE were able to show positive proof, such as letters and reports from stations, showing that COLLEGE RADIO could provide a great deal more than just radio time that they could answer the complaints of commercial stations and again buy time on COLLEGE RADIO.

We, therefore, request your cooperation in this and ask you to do as much as is reasonably possible. Please complete and return to us the report of spot announcements; send in the report of poster placement and other activities; and please write us a letter on your station's letterhead covering your campaign. Please send this material to us by the end of May so that it will be included in an overall report that will be submitted to the AIR FORCE and to its advertising agency.

Thank you for your cooperation. We are sure that it will be beneficial to all.

Very truly yours,

COLLEGE RADIO CORPORATION

College Radio Station

Dear Sir:

Enclosed herewith is the AIR FORCE material that we advised you would be sent. As we explained in a memorandum to you on this matter, we do not believe, ordinarily, in asking you to give free time for anyone, but we feel that in this case there is an excellent possibility that the AIR FORCE will buy time on COLLEGE RADIO in the near future if COLLEGE RADIO can "prove itself" promotion-wise.
